**IRS Data Retrieval Instructions:**

The Department of Education will **not** allow schools to accept *paper* copies of tax returns. The easiest way for you and/or your parents to access **completed** IRS tax return information and electronically transfer it to your FAFSA is through the IRS Data Retrieval. Parents who single, divorced, separated (proof of separation may be required) or married and filed joint tax returns are encouraged to use the IRS Data Retrieval to electronically transfer the IRS Tax Data to the financial aid application at [www.fafsa.gov](http://www.fafsa.gov). Parents who are married with a filing status of single or head of household must amend their tax returns to reflect either married filing jointly or separately by completing a 1040X tax return. Parents who amend their tax returns must notify the Office of Scholarships and Student Aid. Parents who are married with a filing status of married filing separately or who are unmarried and living in the same household must provide tax returns for both parents.

- **Students and parents should apply for a FSA ID and password.** The FSA ID is an electronic signature necessary for quick completion of the online process. To apply go to: [https://fsaid.ed.gov](https://fsaid.ed.gov)
