## North Carolina Central University Undergraduate Admissions - Transfer Students

When an individual transfers to NCCU from another institution, admissions to NCCU as an undergraduate is governed by the following general standards:

The transfer applicant must not have been on probation at the last or current school of attendance and submit the required Statement of Confidential Information form from the last institution enrolled. Also, the transfer applicant must not have been suspended or expelled from the last or current institution.

The transfer applicant has a cumulative average of at least a "C" in the institution from which they are transferring and is eligible to return to that institution. The transfer applicant has evidence of participating in scholastic, community and civic organizations including leadership participation.

The transfer applicant has attended another college or university and has earned more than 30 semester hours. Note: If the transfer applicant has attended another college or university, but has earned less than 30 semester hours of specific acceptable credit, the transfer applicant must meet all First-Year student requirements (i.e., both MAR and MCR).

## **Exceptions:**

Transfer applicants may be exempt from having to meet First-Year requirements and from submitting a high school transcript and/or standardized test scores if they meet the criteria in one of the following categories:

Category 1: Applicants who were awarded their high school diploma prior to 1988 or are at least twenty four (24) years old prior to the beginning of classes, has a cumulative average of at least a "C" in the institution from which they are transferring and is eligible to return to that institution.

Category 2: Applicants who have obtained either an associate of arts, an associate of science, an associate of fine arts, a baccalaureate or higher level degree.

Category 3: Applicants who have completed a degree under an articulation agreement (e.g., community college).

Category 4: Applicants who have completed the 30 Hour Curriculum Plan, including six semester hours of degree-credit hours in each of the following subject areas: English, mathematics, natural sciences, and social and behavioral sciences, and foreign language (e.g., the 30 Hour Curriculum Plan).

For more information about the 30 Hour Curriculum Plan, please see the back of this sheet.

## Please note the following:

- NCCU will not accept a transfer course with a grade lower than a "C." Accepted courses are recorded on a student's transcript; grades and grade points are not calculated.
- NCCU does not accept transfer credit from challenge examinations or for course work where grades of Pass/Fail (P/F) have been given. The maximum number of transferable credits is 64 semester hours from a two-year college. There is currently no limit for transferring credits from a four-year institution.

## **The 30 Hour Curriculum Plan**

This document was created to help those who want to attend NCCU but have not met the minimum requirements to do so. The State of North Carolina has certain requirements that must be fulfilled in order to attend any North Carolina public university. If a transfer applicant does not meet these requirements in high school, then the transfer applicant must obtain them in college. The curriculum is listed below. The student also has the option to earn an AA or AS degree, which can also satisfy minimum admission requirements.

Subjects	Graduated high school in 2004 or before	Graduated high school in 2005 or after	
English	6 Hours	6 Hours	
Math	6 Hours	6 Hours	
Social Science	6 Hours	6 Hours	
Natural Science(incl. lab)	6 Hours	6 Hours	
Foreign Language	0 Hours	6 Hours	
Total hours needed for	24 hours of specific transferable	30 hours of specific transferable	
admission	credit hours, as listed below	credit hours, as listed below	

You need to select two classes from each subject area below in order to be eligible for admission to NCCU. Remedial courses, any course number beginning with a zero, will not count towards satisfying the plan requirements. If you want to take a course that is not listed below, please ask NCCU Undergraduate Admissions for assistance.
