#UHPCONNECT

UHP Connect pairs upper class and first-year honors students to engage in dynamic social and academic mentoring in the journey to becoming a World Changer at NCCU and beyond. Mentors and mentees in UHP Connect engage in the following responsibilities:

1) Attend one UHP Connect orientation session together.

2) Participate in six (6) peer activities together each semester, two (2) of which must be UHP sponsored events (peer activities may include social activities, university events, living and learning community programming, and studying - but not class time).

3) Document your experiences by sending your picture posts to honors@nccu.edu with subject line #UHPConnect.

*All UHP students should participate in UHP Connect as both a mentor and mentee during their honors tenure at NCCU.*
