

Empowering
young men
to build a
better future.

Tuition-free STEM program for minority males in grades 6 through 8.

Every young man deserves access to a better future. That's why we've launched the Verizon Innovative Learning program for minority males—a dynamic, three-week summer program for middle school boys, where they'll learn design thinking, 3D printing, augmented reality and social entrepreneurship.

Join us at no cost:

June - July	

When

06/25/18 – 07/13/18

08:30 a.m. to 04:30 p.m.

Where

North Carolina Central University

Classes are held Monday through Friday from 08:30 a.m. to 04:30 p.m. during the summer and one Saturday a month throughout the school year.

- Lunch will be provided over the summer.
- Hands-on and interactive, with field trips and mentoring.
- Our program was developed in partnership with Base 11 and Arizona State University and is expected to impact 2,400 young men across twenty-four HBCU & HSIs this year.

For more information about this program, please contact Dr. Gail Hollowell Director, Center for Science, Math, and Technology Education at csnte@ncsu.edu. To register, visit www.Base11.com/MM and to learn more about Verizon Innovative Learning, visit VerizonInnovativeLearning.com
