PACKING TIPS FOR STUDY ABROAD

1. **Check with the airlines to learn about their luggage policy.** Most airlines allow international travelers to check two pieces of luggage, up to 50 pounds each, at no charge and to bring one small carry-on. Make yourself aware of your airline’s policies.

2. **Identify your belongings.** Display your name and permanent address, as well as your overseas contact address, on labels outside and inside your luggage. This way, if your outside label is lost, your belongings may still be identified.

3. **Limit yourself to the essentials.** You will no doubt acquire things overseas. When packing for your trip, try to limit yourself to the 2-bag rule so that you aren’t bogged down on your return trip.

4. **Only pack what you can carry.** You will be transporting your luggage in buses, subways, and taxis with limited space and limited assistance from others.

5. **Take luggage with wheels.**

6. **Pack all valuables in your carry-on bag.** This includes passport, visa, identification cards, health insurance card/medical documents, medications, cash, credit/debit cards, ATM cards, traveler’s checks, acceptance letter, ticket, and important contact info.

7. **Keep your passport with you at all times.** In addition, bring two photocopies with you and store them in different locations.

8. **Pack extra clothes in your carry-on bag.** Take a full change of clothes, toothpaste, toothbrush, and deodorant in your carry-on.

9. **Establish contact ties with the NCCU OIA office!** Leave a photocopy of your passport, visa page, acceptance letter, travel itinerary, and overseas contact information with the study abroad coordinator.

10. **Keep in touch with your relatives.** Understand that this is going to be stressful experience for your relatives. Please be sure to remain in contact with them throughout your trip so that they are aware of your well-being. In addition, leave with them copies of your passport, visa page, acceptance letter, travel itinerary and overseas contact information, as well as copies credit card numbers, traveler’s check numbers, prescriptions, insurance card and other important information.
