1. PURPOSE:

The University of North Carolina has delegated various powers and duties to the boards of trustees and chancellors of its constituent institutions, including the authority to establish policies and regulations for the efficient and orderly administration of the institution. This Regulation addresses the sources of authority for Policies, Regulations, and Rules (PRRs) at North Carolina Central University and the procedures for their adoption and publication. PRRs adopted in substantial compliance with this regulation are valid and may not be grieved for procedural error.

operational functions. A Rule may supplement but not conflict with Policies and Regulations.

2.4. “Standard Operating Practices” are established by academic or administrative units to facilitate
the day-to-day business operations of a particular unit and are distinguished from
policies, regulations, and rules because they do not directly or substantially affect procedural or

The Chancellor or Chancellor’s delegee shall ensure the establishment of appropriate procedures within the institution to provide members of the faculty the means to give advice with respect to PRRs that involve questions of academic policy and institutional governance. The procedures for giving advice may be through the Faculty Senate, special committees or other consultative means. The Chancellor shall ensure the establishment of appropriate procedures within the institution to provide members of the faculty the means to give advice with respect to PRRs that involve questions of academic policy and institutional governance. The procedures for giving advice may be through the Faculty Senate, special committees or other consultative means. North Carolina Central University places particular emphasis upon recommendations relating to matters of tenure and promotion, curriculum, degree requirements, instructional standards, and grading from the Faculty Senate. In the spirit of shared governance, before the Chancellor either adopts with revisions a regulation or recommends to the Board of Trustees, a proposed policy that differs from a recommendation of the Faculty Senate regarding matters of tenure and promotion, curriculum, degree requirements, instructional standards, and grading, the Chancellor will seek additional advice from the Faculty Senate to be provided within a period the Chancellor establishes in the best interest of the University.
