

Steps To Determine If You Are Financially Cleared And Validated For The Fall 2019 Term

Please verify if your student account is validated for the Fall 2019 Term by going to MyEOL and selecting the **Student Account and Financial Validation Status** link. If the message states you are not validated, please follow steps 1 thru 4 below. **Course schedules will be cancelled for those students who have not made satisfactory payment by 4 p.m. on August 23, 2019.**

1st - Please view your NCCU Certified Statement By Term online to determine the amount you need to pay to meet the Satisfactory Payment Arrangement criteria.

2nd - If you have a balance due for any terms prior to the Fall 2019 Term, all of that prior balance must be paid in full online, by mail, or in person at the Cashier's Office.

3rd - When you view your charges for the Fall 2019 Term, divide these charges in half and pay that half plus a \$25.00 Processing Fee online, by mail, or in person at the Cashier's Office.

If you choose to pay half of your bill during registration, you are automatically enrolled in the University Payment Plan and you will be assessed the \$25.00 Processing Fee. The other half of your Fall 2019 charges must be paid in 2 equal installments. The first installment is due by September 3, 2019 and the final installment is due by October 1, 2019. Failure to meet these installment payment deadlines of September 3, 2019 and/or October 1, 2019 will result in a \$20.00 installment late fee for each missed installment payment deadline.

4th – After you have paid your prior balance and ½ of your current semester charges have been paid plus the \$25.00 Processing Fee, you can verify if you have made satisfactory payment arrangements by selecting the **Student Account and Financial Validation Status** link on your MyEOL screen. If you receive a message stating you are validated, then you have made satisfactory payment arrangements for the Fall 2019 Term. If you receive a message stating you are not validated, please repeat steps 1 thru 4 until you receive the validated status message.

Please note: If you drop or add classes during the Fall 2019 registration process, your validation status will be affected. It is very important that you continue to check your validation status, to avoid being dropped from your Fall 2019 classes.
